**How Doctors can Claim their Share of
Additional \$20 Billion in CARES Act Aid**

The U.S. Department of Health and Human Services (HHS) has started distribution of the next \$20 billion in financial relief for physician practices, groups and other health care delivery organizations that are part of the Coronavirus Aid, Relief and Economic Security (CARES) Act. Physician practices will get COVID-19 relief pay in proportion to 2018 net patient revenue. Learn more about what steps to take next.

Medicaid Adds Additional Telehealth Codes

The Alabama Medicaid Agency issued an Alert at the end of last week that announced that they are opening up additional codes that providers can bill for telehealth visits. These codes are New Patient codes and Hospitalization Consult codes.

CMS Approves Increased Payments for Audio-Only Telephone Visits

In response to efforts by organized medicine, the Centers for Medicare & Medicaid Services (CMS) announced last week that they will be increasing payments for audio-only telephone visits between Medicare beneficiaries and their physicians to match payments for similar office and outpatient visits. This would increase payments for these services from a range of about \$14-\$41 to about \$46-\$110, and the payments are retroactive to March 1, 2020.

This is a major victory for medicine that will enable physicians to care for their patients, especially their elderly patients with chronic conditions who may not have access to audio-visual technology or high speed Internet.

In addition to the efforts by organized medicine, the American Medical Association worked to spearhead [this letter](#) to HHS Secretary Azar and CMS Administrator Verma regarding increasing Medicare payment rates for telephone-based evaluation and management (E/M) codes. The letter sent on April 29 had 37 signers, including Alabama Senator Doug Jones and included the following requests:

- Increase Medicare payment rates for telephone-based evaluation and management (E/M) codes (99441-99443) to bring payments for these codes equal to Medicare's established in person visit codes (99212-99214) that will ensure that patients without advanced video-sharing capabilities are able to get care virtually, while helping to sustain physician practices.
- Immediately provide guidance to Medicare Administrative Contractors (MACs) to ensure that recent CMS guidance and rules are followed appropriately to enable the payment of telephone E/M claims.
- Provide Members of Congress with a briefing on CMS efforts to address this issue by May 8, 2020.

COVID-19 QUESTIONS? GET ANSWERS & EARN CME.

As providers, physicians and members of the health care team want to do whatever they can to ensure the health and well-being of their patients. During the COVID-19 pandemic, the practice of medicine is facing challenges in delivering the best care amid government mandates and ever-changing public perceptions of the situation. At the Medical Association of the State of Alabama, we want to help by offering online COVID-19 CME courses (free for members).

Courses include:

- **PRIMARY CARE PHYSICIANS IN THE COVID-19 ERA**
- **PPE FOR PHYSICIANS: NEW, USED AND REFRESHED**
- **AN INFECTIOUS DISEASE DOCTOR'S SYMPTOMS OF COVID AND THOUGHTS ABOUT THE PANDEMIC**

Credits

The Medical Foundation of Alabama designates this enduring material for a maximum of .25 AMA PRA Category 1 Credits[®]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Association of the State of Alabama through the joint providership of the Medical Foundation of Alabama and the Medical Association of the State of Alabama. The Medical Foundation of Alabama is accredited by the Medical Association of the State of Alabama to provide continuing medical education for physicians.
